

Registration Form - declaration of willingness for establishing interdisciplinary Dioscuri Centres of Scientific Excellence

This is a registration form for Host Institutions wanting to establish an interdisciplinary Dioscuri Centre of Scientific Excellence within [Dioscuri 5 call](#).

Registration form for Polish research institution

1. Research institution data (name and address):
**Interdisciplinary Centre for Ethics (Faculty of Philosophy),
Jagiellonian University, Ingardena 3, Kraków 30-060**
2. Type of research institution¹:
higher education institutions
3. Head of the Institution: **prof. dr hab. Wojciech Macyk, Vice-Rector for Research**
4. Contact information of designated person(s) for applicants and the NCN: first and last name, position, e-mail address, phone number, correspondence address:
Tomasz Żuradzki – the head, t.zuradzki@uj.edu.pl, 607 060 842, INCET, Ingardena 3, 30-060 Kraków;
Ewa Chudoba – administrative staff, ewa.chudoba@uj.edu.pl, 574 584 064, INCET, Ingardena 3, 30-060 Kraków
5. Research disciplines in which the institution ensures establishing of an interdisciplinary Dioscuri Centre (select two (and if necessary three) of the domains that should be combined; select two (or if necessary three) from the 25 listed auxiliary panels of disciplines). Provide two (and if necessary three) specific NCN subpanels according to the list². [**Humanities, Social Sciences and Art Sciences: HS1_3 Epistemology, metaphilosophy, philosophy of**

² Lists of the disciplines for each auxiliary panel of disciplines to be found here:
<https://www.ncn.gov.pl/en/finansowanie-nauki/panele-ncn>

science and scientific methodology, philosophy of special sciences; HS1_8 Ethics, metaethics, axiology, bioethics, applied ethics + Life Sciences: NZ7_15 Medical Ethics]

X **DOMAIN: Humanities, Social Sciences and Art Sciences**³

X Fundamental questions about human existence and the nature of reality

Culture and cultural production

The study of the human past

Institutions, markets, space

Law and political science

Human nature and human society

X **DOMAIN: Life Sciences**⁴

Molecules of Life: Biological Mechanisms, Structures and Functions

Integrative Biology: from Genes and Genomes to Systems

Cellular, Developmental and Regenerative Biology

Physiology in Health, Disease and Ageing

Neuroscience and Disorders of the Nervous System

Immunity, Infection and Immunotherapy

X Prevention, Diagnosis and Treatment of Human Diseases

Environmental Biology, Ecology and Evolution

Biotechnology and Biosystems Engineering

³ Lists of the disciplines for each auxiliary panel of disciplines to be found here:

<https://www.ncn.gov.pl/en/finansowanie-nauki/panele-ncn>

⁴ Lists of the disciplines for each auxiliary panel of disciplines to be found here:

<https://www.ncn.gov.pl/en/finansowanie-nauki/panele-ncn>

DOMAIN: Physical Sciences and Engineering⁵

- Mathematics
- Fundamental constituents of matter
- Condensed matter physics
- Chemistry
- Synthetic Chemistry and Materials Science
- Computer science and informatics
- Systems Engineering
- Production and processes engineering
- Earth sciences
- Materials Engineering

6. Description of important research achievements from the selected disciplines from the last 5 years including a list of the most important publications, data bases, series of workshops, patents, policy briefs, field work/ field site, exhibitions, other:

A list of recent publications:

Żuradzki, T. (2026). **Future-oriented chance prioritarianism: survival prospects as the distributive currency**. *Medicine, Health Care and Philosophy*. <https://doi.org/10.1007/s11019-026-10353-3>

Neiders, I. & Dranseika, V. (2025). **The Case for Pluralism in Death Determination: From Empirical Data to a Policy Proposal**. *The Journal of Medicine and Philosophy: A Forum for Bioethics and Philosophy of Medicine*. <https://doi.org/10.1093/jmp/jhaf028>

Bachmakova, M., ... Dranseika, V. et al. (2025). **Even with Diet and Exercise, Ozempic Use Reduces Perceived Effort and Praiseworthiness of Resulting Weight Loss**. *Social Science & Medicine*, 386. <https://doi.org/10.1016/j.socscimed.2025.118657>

Popa, E. (2025). **Medical Cosmopolitanism**. In: A. Broadbent (ed.), *The Oxford Handbook of Philosophy of Medicine* (s. 196–214). Oxford University Press. <https://doi.org/10.1093/oxfordhb/9780197625835.013.0024>

⁵ Lists of the disciplines for each auxiliary panel of disciplines to be found here: <https://www.ncn.gov.pl/en/finansowanie-nauki/panele-ncn>

Rueda, J., Porsdam Mann, S., Delgado, J. ... **Żuradzki, T.** et al. (2025). **Data governance must consider the interests of the global community.** *Natural Medicine*. <https://doi.org/10.1038/s41591-025-03837-x>

Merdes, C. J. (2025). **Dishonest Testimony and the Virtue of Testimonial Justice: A Naive Bayesian Analysis.** *Journal for General Philosophy of Science*, <https://doi.org/10.1007/s10838-024-09702-8>

Bystranowski, P., Hannikainen, I., & Tobia, K. (2025). **Legal Interpretation as Coordination.** In T. Kevin, *The Cambridge Handbook of Experimental Jurisprudence*. Cambridge University

Dranseika, V., & Ziótkowski, A. (2025). **Depressurizing Gettier.** *Synthese*, 205(4), 148. <https://doi.org/10.1007/s11229-025-04990-z>

Merdes, C. J. (2025). Scarcity in the Credibility Economy: A Bayesian Analysis of Testimonial Injustice. *Erkenntnis*. <https://doi.org/10.1007/s10670-025-00942-8>

Żuradzki, T., Bystranowski, P., & Dranseika, V. (2025). **Discussions on Human Enhancement Meet Science: A Quantitative Analysis.** *Science and Engineering Ethics*, 31(1), 6. <https://doi.org/10.1007/s11948-025-00531-6>

Fornaroli, G. (2025). **On corrective and distributive requirements: The case of the beneficiary pays principle.** *The Philosophical Quarterly*. <https://doi.org/10.1093/pq/pqaf010>

For a complete list, see: <https://incet.uj.edu.pl/publikacje>

Series of workshops: the Nordic-Baltic Network of Philosophy of Medicine 4-5 June 2026; "Incentivized Experiments on Normative Systems" on May 25-26 2026. For a complete list, see: https://incet.uj.edu.pl/en_GB/konferencje

7. List of no more than 4 important research projects from the selected disciplines awarded in national and international calls to the institution in the last 5 years (title, name of PI, source of funding, amount of funding):

4 projects based in INCET:

- **Deep uncertainties in bioethics: genetic research, preventive medicine, reproductive decisions (BIOUNCERTAINTY)**, PI: Tomasz Żuradzki, European Commission, ERC-Starting, amount of funding: 1 499 625 euro
- **Values, Trust, and Decision Making in Public Health**, PI: Elena Popa, NCN, POLONEZ BIS (MSCA COFUND), amount of funding: 768 129 PLN
- **Ignorance of Law: A Study in Experimental Jurisprudence**, PI: Piotr Bystranowski, NCN, OPUS, amount of funding: 1 641 203 PLN
- **From Wrongs to Privileges: Moral, Economic, Epistemic Perspectives**, PI: Giulio Fornaroli, NCN, OPUS, amount of funding: 1 127 748 PLN

8. Description of the available office space, working space, laboratory for the Dioscuri Centre:

The INCET and the Faculty of Philosophy at Jagiellonian University offers: spacious fully equipped offices and conference rooms in the historical center of Kraków; access to an institutional Microsoft 365 Teams; technical and administrative support for the project and all research activities, including budget administration, open access and open data management, data management, and intellectual property support, provided by the Research Support Center; assistance in the creation and maintenance of the project website and organization of online events, provided by the Office of Information Technology

9. List of the available research equipment for the Dioscuri Centre:

Facilities and equipment necessary for conducting studies in the humanities and supporting “armchair” methods (e.g. conceptual analysis, case studies, legal studies), incl. access to Jagiellonian University Library with free academic journals and online books, and assistance provided by the Scientific Information Centre;

10. List of the additional benefits (other than listed in invitation call) that the Institution declares to provide for the Dioscuri Centre (i.e.: additional funds, personal benefits, other):

After employment INCET and UJ offer various benefits starting from social ones (summer and winter benefits, UJ hostels etc.) to research and travel internal grants funded by Excellence Initiative as well as projects for mobilities from UNA EUROPA.

11. Other information about the internationalisation of the research institution e.g. international environment (international researchers community at the institution, internationalization of the management and administration), didactic in English, availability of Polish course for Foreigners etc.:

Assistance with international mobility provided by the International Relations Office. Moreover, INCET is an international entity, employing foreigners from: USA, Italy, India and Lithuania
