I hereby declare that:

- if any approvals, opinions or permits of competent authorities/committees are required for the research, I shall obtain them beforehand;
- I am aware of my obligation to provide the NCN with the approvals, opinions and permits required for the project with the annual and final reports;

- I am also aware that if a research project is carried out without the required approvals, opinions and permits, there is a possibility that it will not be settled and the funds will have to be returned in their entirety or in part.

ABSTRACT

The description in English, up to 4500 characters, with spaces (plain text - no formulas, no graphics), shall include the most important information on the project allowing the experts requested to review the project to asses their competencies to perform the review.

ABSTRACT FOR THE GENERAL PUBLIC

The description for general public must be in Polish and in English. The language versions must be identical.

The descriptions must be attached as two separate PDF files (up to 10 MB).

File format: 1 page, A4.

Recommended formatting: top-bottom margins: 1.5 cm, left-right margins: 2 cm, font: Times New Roman or equivalent, font size: at least 11, interline: single.

The description should be written for general public and should include the project goal, description of research, reasons for attempting a particular research topic and substantial results expected.

Should the project qualify for funding, the abstract for the general public will be published on the National Science Centre's and Ośrodek Przetwarzania Informacji (OPI)'s websites alongside the information on the call's results.

INTERNATIONAL COOPERATION

To be filled out in English.

International cooperation means that research tasks are carried out together with investigators from foreign entities.

The following are not considered international cooperation:

a) participation in international conferences;

b) dissemination of information on the project abroad:

c) implementation of research tasks by a Polish research team abroad without the participation of investigators from foreign entities;

d) cooperation with foreign researchers employed by Polish entities.

Information on Polish-Chinese cooperation is added for reporting purposes; a brief description of the planned cooperation is sufficient. If the participation of partners from the third countries is planned in the project, select the appropriate country/countries from the list, indicate their source of financing and briefly described the planned cooperation.

DATA MANAGEMENT PLAN

To be filled out in English.

Before filling out the form, read the Guidelines for completing the data management plan for a research project that can be found in the call announcement. Please refer to the research to be carried out by Polish research team(s).

The NCN recognises that some projects will not generate, re-use or analyse research data and similar materials. In these cases, a short explanation is required as an answer to the question 1.1. How will new data be collected or produced and/or how will existing data be re-used. Under each question, a text box for description (up to 1000 characters).

1.	Data description and collection or re-use of existing data
1.1	How will new data be collected or produced and/or how will existing data be re-used?
1.2	What data (for example the types, formats, and volumes) will be collected or produced?
2.	Documentation and data quality
2.1	What metadata and documentation (for example methodology or data collection and way of organising data) will accompany data?
2.2	What data quality control measures will be used?
3.	Storage and backup during the research process
3.1	How will data and metadata be stored and backed up during the research process?
3.2	How will data security and protection of sensitive data be taken care of during the research?
4.	Legal requirements, codes of conduct
4.1	If personal data are processed, how will compliance with legislation on personal data and on data security be ensured?
4.2	How will other legal issues, such as intellectual property rights and ownership, be managed? What legislation is applicable?
5.	Data sharing and long-term preservation
5.1	How and when will data be shared ? Are there possible restrictions to data sharing or embargo reasons?
5.2	How will data for preservation be selected, and where will data be preserved long-term (for example a data repository or archive)?
5.3	What methods or software tools will be needed to access and use the data?
5.4	How will the application of a unique and persistent identifier (such us a Digital Object Identifier (DOI)) to each data set be ensured?
6.	Data management responsibilities and resources
6.1	Who (for example role, position, and institution) will be responsible for data mangement (i.e the data steward)?
6.2	What resources (for example financial and time) will be dedicated to data management and ensuring the data will be FAIR (Findable, Accessible, Interoperable, Re-usable)?

PERSONAL DATA PROTECTION

Acting pursuant to Article 13 (1) and (2) of the Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation) (OJ L 2016, No 119, p.1), this is to inform all those applying for funding of a research project, scientific activity, fellowship, doctoral scholarship or research component that:

a) the National Science Centre ("NCN") with its registered office in Krakow at ul. Twardowskiego 16, 30-312 Kraków, is the controller of your personal data,

b) the NCN's designated Data Protection Officer can be contacted via electronic mail at iod@ncn.gov.pl, by phone at +48 12 341 9113 or directly at the registered office of the data controller, c) the NCN shall process your personal data pursuant to Article 6 (1) (c) of the General Data Protection Regulation, in conjunction with Article 20 of the Act on the National Science Centre of 30 April 2010 (Journal of Laws of 2018, item 947, as amended),

d) your personal data shall be processed for the purpose of:

- examining the proposal for funding of a research project, scientific activity, fellowship, doctoral scholarship or research component,

- supervision, financial and accounting operations, audits performed in the course of and after the completion of the research project, scientific activity, fellowship, doctoral scholarship or research component, evaluation of implementation thereof and settlement of funding agreements, if funding is granted for the completion of a research project, scientific activity, fellowship, doctoral scholarship or a component, evaluation of a research project, scientific activity, fellowship, doctoral scholarship or research component, and

- evaluating the NCN's own tasks, reporting, dissemination of the information on funding awarded by the NCN throughout the scientific community, implementation of other activities regulated by generally applicable laws and for archiving purposes,

e) your personal data shall be processed from the moment it has been collected for as long as it is necessary to achieve the purposes indicated in point d) and to pursue related claims, for the period required by generally applicable laws and for the period of storage as defined by the NCN's records management procedures and the Uniform File Classification System,

f) provision of your personal data is a statutory requirement and without its disclosure the purposes described in point d) cannot be achieved,

g) the recipients of your personal data may only be entities authorised to collect personal data pursuant to generally applicable laws and, to the extent specified in Article 31 of the Act on the National Science Centre of 30 April 2010 (Journal of Laws of 2018, item 947, as amended), individuals using the NCN's website,

h) your personal data may be transferred for processing to third parties, such as the National Information Processing Institute with its registered office at al. Niepodległości 188b, 00-608 Warsaw. Such third parties process data based on personal data transfer contracts and are also bound to keep the data being processed confidential,

i) you have the right to access your personal data, correct your personal data and restrict the processing of your personal data, and

j) you have the right to lodge a complaint with the President of the Personal Data Protection Office if the General Data Protection Regulation is violated.
