

Preliminary Career Development Plan

Proposal ID no:

Proposal title:

Name and surname of the Applicant (Principal Investigator):

Name of the Host Institution:

Questions 1-3 will help to set background for your development and training goals.

1. Principal Investigator's previous project experience and training	
What position did you hold in the most recent project?	<i>Please put a cross in the relevant box. Select one.</i>
	<input type="checkbox"/> Not applicable
	<input type="checkbox"/> Team leader (PI, Co-PI)
	<input type="checkbox"/> Team member
	<input type="checkbox"/> Other – please describe:
What training courses have you attended/completed over the past year (since March 2021)?	<i>Please put a cross next to relevant courses. Select as many as appropriate.</i>
	<input type="checkbox"/> Not applicable
	<input type="checkbox"/> Leadership
	<input type="checkbox"/> Project management
	<input type="checkbox"/> Grant writing
	<input type="checkbox"/> Communication and dissemination of research results
	<input type="checkbox"/> Research integrity and ethics
	<input type="checkbox"/> Intellectual Property Rights (IPR)
	<input type="checkbox"/> Technology transfer and commercialization
<input type="checkbox"/> Other – please describe:	
Project management certificates	<i>Please put a cross next to relevant certificates. Select as many as appropriate.</i>
	<input type="checkbox"/> Not applicable
	<input type="checkbox"/> Prince 2
	<input type="checkbox"/> PMI
	<input type="checkbox"/> SCRUM
	<input type="checkbox"/> AGILE
	<input type="checkbox"/> Other – please describe:

2. Principal Investigator's intersectoral experience					
Who did you collaborate with? In what capacity?	<i>Please put a cross in relevant boxes in each row, as appropriate</i>				
	business sector	industry	private non-profit sector	government sector	NGOs
not applicable - no previous experience					
research collaboration / joint project					
skills training					
internship					
consultancy					
permanent job – owner					
permanent job – employee					

3. Principal Investigator's self-assessment of professional strengths and areas for development (skills, knowledge and behaviours)							
Area		<i>Please put a cross in the relevant box in each row to indicate your current competency level</i>					
		not applicable / I don't know	I am not yet proficient in this area	I am partially proficient in this area	I am proficient in this area	I am highly proficient in this area	I am an expert in this area
Knowledge and intellectual abilities	Research methods and technical skills in PI's field – theoretical knowledge						
	Research methods and technical skills in PI's field – practical application						
	Managing data and resources						
	Statistical analysis						
	Interpretation of data						
	Creativity/innovative thinking						
Personal Effectiveness	Networking skills						
	Continuing professional development						
	Work-life balance						
	Stress management						
	Time management

Questions 4-9 constitute your Preliminary Career Development Plan. Answer these questions in the context of the analysis completed above.

4. What short-term goals does the Principal Investigator plan to achieve during the POLONEZ BIS fellowship?

Consider the skill types below and list anticipated development, training and networking opportunities: what knowledge/skills/expertise will you develop, who will you work with and how? If possible describe the role of the Host institution, mentor and research team, secondment, courses, external cooperation, etc.

A. Core research knowledge/skills/expertise (relating to the project)

.....

B. Additional research knowledge/skills/expertise (relating to PI's competencies in their research area)

.....

C. Transferable and complementary knowledge/skills/expertise (skills the PI could transfer to future employment settings)

.....

D. Transfer of knowledge to/from other disciplines or sectors

.....

E. Other goals – please describe (optional)

.....

5. Transfer of knowledge from the Principal Investigator to the Host Institution

What knowledge/skills/expertise do you plan to transfer to the host institution? Who will be the target audience? How do you plan to transfer the knowledge and what will be the benefit to the host institution?

.....

6. Secondment plans/preferences

Has the Principal Investigator already chosen a secondment institution? **YES/NO (delete as applicable)**

If YES – complete parts A and C below

If NO – complete parts B and C below

A. Information about the selected secondment institution

Institution's name:

Institution's location (town and country):

Institution's profile:

B. Describe the preferred profile of the secondment institution.

.....

C. Describe the expected goals/benefits of the planned secondment.

.....

7. What are the PI's long-term career development goals in two/three years after completing the project?

Describe the expected long-term impact of the POLONEZ BIS fellowship on your career, including activities other than research.

.....

8. Plans for the dissemination and communication of the project results.

List of anticipated publications, anticipated conference and/or workshop attendance, courses, seminar presentations, reports, policy briefs, etc.

.....

9. Plans for outreach / public engagement activities.

*Describe the types of actions and their frequency, types of audiences and their expected size(s); the description must include **at least 2 forms** of public engagement or outreach activities (other than the project website), e.g. seminars and workshops for primary or secondary education students, engagement with policy-makers, participation in events promoting research, articles in the general press, blogs, Science Fairs and festivals, etc.*

Action 1

- Type of action:
- Type of audience:
- Expected audience size:
- Expected frequency (if applicable):

Action 2

- Type of action:
- Type of audience:
- Expected audience size:
- Expected frequency (if applicable):
