

SONATA 19 PROPOSAL COMPLETION IN THE OSF SYSTEM

Selected section in the OSF system	Sub-section	Language	Description
DURATION [months]			Funding may be requested for projects lasting: <ul style="list-style-type: none"> – 12 months, – 24 months, – 36 months. Further sections depend on this information. <u>Project duration cannot be changed later.</u> If the planned duration of the project changes, a new proposal must be made.
GENERAL INFORMATION	Project title	Polish and English	Title of the research project must be given in Polish and in English. The title in English must be identical to the title in Polish.
	Keywords	Polish and English	Keywords in English must be identical to the keywords in Polish.
	Primary NCN Review Panel		A research field should be selected in line with the current list of panels available at NCN website .
	Auxiliary NCN Review Panels		Choose from the list: HS1_001-HS6_021, ST1_001-ST11_016, NZ1_001-NZ9_013 from 1 to 3 of auxiliary NCN review panels, including at least one from the panel, to which a proposal is submitted. Proposals are evaluated in the panel to which they are submitted. The panel cannot be changed once the proposal has been submitted. Auxiliary review panels allow to select experts and external experts for merit-based evaluation of proposals. Interdisciplinary proposals may be additionally evaluated by an expert from another panel if so is decided by the Chair of the Expert Team.
APPLICANT	Applicant's status		The applicant's status indicated in the proposal must be factually and legally correct. Only the following entities may apply for NCN funding for a research project: <ol style="list-style-type: none"> 1. universities; 2. federations of science and HE entities;

Selected section in the OSF system	Sub-section	Language	Description
			<p>3. research institutes of the Polish Academy of Sciences, operating pursuant to the Act on Polish Academy of Sciences of 30 April 2010;</p> <p>4. research institutes, operating pursuant to the Act on Research Institutes of 30 April 2010;</p> <p>5. international research institutes established pursuant to other acts and acting in the Republic of Poland;</p> <p>5a. Łukasiewicz Centre operating pursuant to the Act on the Łukasiewicz Research Network of 21 February 2019;</p> <p>5b. institutes operating within the Łukasiewicz Research Network;</p> <p>6. Polish Academy of Arts and Sciences;</p> <p>7. other institutions involved in research independently on a continuous basis;</p> <p>8. groups of entities (at least two entities mentioned in sections 1-7 or at least one institution as such together with at least one company);</p> <p>9. scientific and industrial centres laid down in the Act on Research Institutes of 30 April 2010;</p> <p>10. research centres of the Polish Academy of Sciences laid down in the Act on the Polish Academy of Sciences of 30 April 2010;</p> <p>11. scientific libraries;</p> <p>12. companies operating as R&D centres within the meaning of the Act on Certain Forms of Support to Innovative Activities of 30 May 2008;</p> <p>13. legal entities with their registered office in Poland;</p> <p>13a. President of the Central Office of Measures</p> <p>14. natural persons;</p> <p>15. companies conducting research in another organisational form than laid down in points 1-13.</p> <p>PLEASE NOTE: If the applicant is a natural person, the research project must not be carried out by a group of entities or entity for which project funding constitutes state aid.</p>

Selected section in the OSF system	Sub-section	Language	Description
			If the applicant is a group of entities or natural person, enter the name, country and status of the participating entity/entities.
PARTICIPATING ENTITIES	Entity name	Polish and English	<p>Entity name in Polish and English.</p> <p>Participating entity/entities can be added from either the OPI Database or from outside the OPI Database.</p> <p>If the data of the participating entity is entered from the OPI database, most of the information will be downloaded automatically.</p> <p>The data should be verified, and in the case of incorrect or outdated data, contact the Information Processing Centre of the National Research Institute (OPI PIB) at the telephone number: (22) 351-71-01. The National Science Centre cannot change the participating entity's data.</p>
	Country		Only entities with their registered office in the Republic of Poland may be indicated.
	Leader		If the applicant is a group of entities, a leader shall be chosen. The PI's employer acts as a leader of the group of entities.
	Agreement on collaboration for the purposes of completion of the requested research project	Polish	<p>If the applicant is a group of entities, an agreement on cooperation for the implementation of the research project applied for should be attached.</p> <p>PLEASE NOTE: The group of entities may comprise only entities established in the territory of the Republic of Poland.</p> <p>The specimen document is available in the OSF system and in the call announcement.</p> <p>The document should be signed by the persons authorised to represent the entities comprising the group of entities.</p> <p>The specimen document contains the necessary elements and may not be modified or supplemented by additional arrangements concerning cooperation between the entities.</p> <p>PLEASE NOTE: The specimen document in the OSF system is generated in the form of a PDF file. If the entities change, a new specimen document should be downloaded, signed, and then uploaded in the system.</p>

Selected section in the OSF system	Sub-section	Language	Description
			<p>A group of entities has the right to sign additional documents governing cooperation within the group, but these should not be attached to the proposal in the OSF system.</p> <p>Annex the document signed electronically in PDF format or scan of the document signed by hand.</p> <p>PLEASE NOTE: Agreements containing mixed forms of signatures will be accepted, e.g., the leader signs the document with a qualified electronic signature, the partner(s) sign(s) it by hand. In this case, the agreement should first be signed by hand and then with a qualified electronic signature in the PAdES format.</p> <p>Documents signed electronically should be affixed with an advanced electronic signature or a qualified electronic signature compliant with Regulation (EU) No 910/2014 of the European Parliament and of the Council of 23 July 2014 on electronic identification and trust services for electronic transactions in the internal market and repealing Directive 1999/93/EC.</p> <p>PLEASE NOTE: The agreement must contain the signatures of the persons representing the entities making up the group of entities. If the document is signed by a person other than the one indicated as representing the entity (i.e., the authorised person), the relevant power of attorney must be attached to the proposal in the <i>Electronic submission</i> tab or the power of attorney should be attached to the <i>Agreement</i>.</p>

Selected section in the OSF system	Sub-section	Language	Description
INFORMATION ON PARTICIPATING ENTITY	Head of the entity/ Authorised representative		Fill in the required fields as indicated in the system. If the acknowledgement of submission is signed by a person authorised to represent the entity and not the head of the entity, a power of attorney/authorisation to represent the entity for the purposes of submitting the proposal to NCN should be attached to the proposal. The power of attorney should be attached in the <i>Electronic submission</i> tab.
	NIP (tax identification number), REGON (statistical identification number) and KRS (court register number)		Fill in the required fields as indicated in the system. If the applicant is not registered in the Register of Companies of the National Court Register (KRS), the option “not applicable” should be ticked.
	Contact information		In this tab, please provide your contact details (e.g., phone, e-mail address, Electronic Delivery Box (ePUAP) address, e-delivery address (EDA), website address, etc.). The ESP (ePUAP) address must be in the following format: /identyfikator_użytkownika/nazwa_skrytki [/user_identifier/box_address] Communication concerning the proposal, including the funding decision, shall be sent to the Electronic Delivery Box (ePUAP) address. PLEASE NOTE: Provision of the entity’s Electronic Delivery Box (ePUAP) address is obligatory. E-delivery address (EDA). Pursuant to the Electronic Delivery of Documents Act of 18 November 2020 (Journal of Laws of 2020, item 2320), the National Science Centre will be required to deliver communications via the public registered electronic delivery service or public hybrid service. At present, it is not required to provide one’s electronic delivery (e-delivery) address. More on the date as of which communications must be delivered to the

Selected section in the OSF system	Sub-section	Language	Description
			electronic delivery address will be published on the NCN's website (www.ncn.gov.pl).
	Address of registered office and contact address		Fill in the required fields as indicated in the system
	Does the entity belong to the public finances sector? (YES/NO)		<p>If YES, classification of entities according to the Act on Public Finances</p> <ol style="list-style-type: none"> 1. public authorities, including government administration authorities, state control and law protection authorities, as well as courts and tribunals 2. local government units and their associations <ol style="list-style-type: none"> 2.a metropolitan associations 3. budgetary units 4. local government budgetary enterprises 5. executive agencies 6. public sector enterprises 7. special purpose state funds 8. Polish Social Insurance Institution (ZUS) and funds under its management, as well as the Agricultural Social Insurance Fund (KRUS) and funds managed by its President 9. Polish National Health Fund (NFZ) <ol style="list-style-type: none"> 10.a independent public health care centres, self-governing local government independent public health care centres 10.b independent public health care centres, other independent public health care centres 11. public higher education (HE) institutions 12. Polish Academy of Sciences and its organisational units 13.a state or local government cultural institutions, cultural institutions financed by the state

Selected section in the OSF system	Sub-section	Language	Description
			13.b state or local government cultural institutions, cultural institutions financed by local governments 14. other legal entities financed by the state or local governments, established pursuant to other acts to perform public tasks, with the exception of enterprises, research institutes, institutes operating within the Łukasiewicz Research Network, banks and commercial law companies
	Is the entity under receivership, in liquidation or subject to bankruptcy proceedings? (YES/NO)		An entity being under receivership, in liquidation, or subject to bankruptcy proceedings <u>must not be</u> the applicant or the participating entity for the research project. If you answer “YES”, the system will block further completion of the proposal.
	Does the entity receive any operating support for research?	English	When the entity applying for the funding call does not receive subsidies to perform a scientific activity, the proposal submitted in the OSF system shall be attached with (in English): <ul style="list-style-type: none"> • information on scientific research performed in the last two years before submission of the proposal together with a list of publications affiliated with the applicant/host institution; • information on scientific and research instruments and other equipment used for research. File format: a PDF file signed with an electronic signature in the PAdES format ¹ or scan of a document signed by hand. In the case of a group of entities: a separate document is required for each of the entities not receiving a research subsidy.

¹ Documents signed electronically should be affixed with an advanced electronic signature or a qualified electronic signature compliant with Regulation (EU) No 910/2014 of the European Parliament and of the Council of 23 July 2014 on electronic identification and trust services for electronic transactions in the internal market and repealing Directive 1999/93/EC.

Selected section in the OSF system	Sub-section	Language	Description
ENTITY (LEVEL II)			Optionally, Level II data may be added. Provide the name in Polish and in English, the address of the registered office and contact details.
STATE AID	Will the requested project constitute state aid?		<p>The principal investigator (PI) and the person(s) representing the entity are obliged to become familiar with the rules governing application for state aid.</p> <p>If state aid is requested, the applicant is required to complete additional tabs:</p> <ul style="list-style-type: none"> • information on the company • detailed statement of expenditure • annexes, in accordance with the instruction available on the NCN website in the State aid section. <p>PLEASE NOTE: All attachments should be signed with a qualified electronic signature in the PAdES format by the person(s) authorised to represent the company.</p> <p>A person, who is the principal investigator (PI), may not be the person representing the applicant at the same time. In the case of attachments submitted in the form of a copy of the document (e.g., a copy of the financial statements), this copy must be certified as a true to the original (the clause “certified as a true copy” placed on each page of the document or the clause “certified as a true copy from page ...to page ...” placed on the first page of the document, together with a legible signature of the person authorised to represent the entity). The copy certified as true to the original should be scanned, signed with a qualified electronic signature in the PAdES format and attached as the PDF format to the proposal.</p>
INTERNATIONAL COOPERATION	Type of cooperation Countries	English	<p>In this section you should answer the question “ Does the project include any international cooperation?”</p> <p>If “YES”, please provide information on the planned international cooperation (country and entity) together with a description of the benefits resulting from the cooperation:</p>

Selected section in the OSF system	Sub-section	Language	Description
	Entities		<p><u>The following are not considered international cooperation:</u></p> <ol style="list-style-type: none"> participation in international conferences, dissemination of information on the project abroad, implementation of research tasks by a Polish research team abroad without participation of investigators from foreign research institutions, cooperation with foreign researchers employed by Polish entities. <p>PLEASE NOTE: The proposal should not be accompanied by any documents proving international cooperation. In the case of international cooperation, only the benefits of the cooperation need to be described. If this section includes the names of persons involved in the drafting of the proposal or forecasted project performance, their names must also be entered in the <i>Osoby wskazane we wniosku</i> [Persons identified in the proposal] section</p>
ABSTRACT		English	<p>The abstract should contain the most important information about the project, as it is included in the invitation of experts to review it. If this section includes the names of persons involved in the drafting of the proposal or forecasted project performance, their names must also be entered in the <i>Osoby wskazane we wniosku</i> [Persons identified in the proposal] section.</p>
ABSTRACT FOR THE GENERAL PUBLIC		Polish and English	<p>Abstract for the general public must be attached in Polish and in English. Both language versions must be identical. The abstract for the general public should include the project's goal, description of research, reasons for attempting a particular research topic, and substantial results expected. It may include drawings/charts/diagrams. Should the project qualify for funding, the abstract for the general public will be published on websites of the National Science Centre and</p>

Selected section in the OSF system	Sub-section	Language	Description
			<p>Information Processing Centre (OPI) alongside the information on the call's results based on consent given in the <i>Administrative statements</i> section.</p> <p>The abstract must be targeted at the general public, including persons who are not experts in a given area or who are not researchers.</p> <p>The descriptions must be attached as two separate PDF files (up to 10MB). Maximum file size: 1 page, A4. Recommended formatting: top-bottom margins: 1.5cm, left-right margins: at least 2cm, Times New Roman or equivalent, font size: at least 11, interline: single.</p> <p>If this section includes the names of persons involved in the drafting of the proposal or forecasted project performance, their names must also be entered in the <i>Osoby wskazane we wniosku</i> [Persons identified in the proposal] section.</p>
RESEARCH TASKS		Polish and English	<p>Research tasks planned to be performed by a Polish scientific team should be presented in both Polish and English.</p> <p>Both language versions must be identical.</p> <p>The purchase of research equipment, participation in conferences, preparation of publications, etc. <u>are not regarded</u> as research tasks.</p> <p>If funding is granted, the research plan will be attached to the agreement.</p> <p>If this section includes the names of persons involved in the drafting of the proposal or forecasted project performance, their names must also be entered in the <i>Osoby wskazane we wniosku</i> [Persons identified in the proposal] section.</p>
RESEARCH TEAM	Number of team members	English	<p>This section should include information on the research team (number of team members, type of participation, scope of work, required qualifications).</p> <p>Provide the number of all members of the research team planned to carry out the project (including the principal investigator (PI) and other co-investigators, including those not remunerated).</p>

Selected section in the OSF system	Sub-section	Language	Description
			<p>Possible types of participation to choose from: principal investigator (PI), co-investigator, post-doc, scholarship grantee / student/ PhD student. Only the name of the principal investigator (PI) will be entered in this section. If the principal investigator deems it necessary to name the co-investigators, he/she may enter them in the description of the proposal.</p> <p>Members of the research team can be added:</p> <ul style="list-style-type: none"> – principal investigator (PI) from either the OPI Database or from outside the OPI Database; – co-investigator, post-doc, scholarship grantee/ student/ PhD student – from outside the OPI Database. <p>A post-doc position is a full-time position planned by the principal investigator (PI) for a person who has acquired a PhD degree in the year of employment in the project or within 7 years before 1 January of their employment in the project.² This period may be extended by the time of long-term (in excess of 90 days) documented sick leaves or rehabilitation leaves granted on account of being unfit to work. In addition, the period may be extended by the number of months of a childcare leave granted pursuant to the Labour Code and in the case of women, by 18 months for every child born or adopted, whichever manner of accounting for career breaks is preferable.</p> <p>Students shall be understood as students of a full-time study programme for first cycle qualifications, second cycle qualifications, or long cycle programmes carried out in universities in Poland.</p> <p>PhD students shall be understood as doctoral school students within the meaning of the Act on Higher Education of 27 July 2005 or doctoral school students within the meaning of the Act on Higher Education of 20 July 2018.</p>

² In the case of persons who have obtained more than one doctoral degree, the date of obtaining the first of them shall be a reference date.

Selected section in the OSF system	Sub-section	Language	Description
			<p>PLEASE NOTE: The proposal should not include the name of any person to be selected in an open call, i.e., to be employed from the NCN budget as post-docs and within the framework of NCN scholarships for students and PhD students granted pursuant to the Regulations on awarding NCN scholarships in NCN-funded research projects.</p> <p>The cost of salaries and scholarships shall be planned and specified in 2.1. of the Annex to the Regulations on awarding funding for research tasks funded by the National Science Centre.</p> <p>If this section includes the names of persons involved in the drafting of the proposal or forecasted project performance, their names must also be entered in the <i>Osoby wskazane we wniosku</i> [Persons identified in the proposal] section.</p>
PRINCIPAL INVESTIGATOR (PI)	Information	Polish and English	<p>This section should provide information on the principal investigator (PI). The principal investigator (PI) can be added from either the OPI Database or from outside the OPI Database.</p> <p>Restriction on submitting proposals in NCN calls are laid down in §8 of the Regulations according to which in a specific edition of calls, the same person may be named as the principal investigator in one proposal only. Therefore, only one proposal in which the same person is named as the principal investigator may be subject to an evaluation.</p> <p>If the principal investigator (PI) data is entered from the OPI database, most of the information will be uploaded automatically.</p> <p>The data should be verified, and in the case of erroneous or outdated data, contact the Information Processing Centre of the National Research Institute (OPI PIB) at the telephone number: (22) 351-71-01.</p> <p>The principal investigator (PI) of a project submitted under the SONATA call must be a PhD holder awarded within 2 to 7 years before the proposal</p>

Selected section in the OSF system	Sub-section	Language	Description
			<p>submission year³ (i.e., from 1 January 2016 to 31 December 2021), whose scientific achievements include at least one paper published or accepted for publication.⁴</p> <p>For research in art, the principal investigator (PI) must be a person whose scientific achievements include at least one paper published or accepted for publication⁵ or at least one artistic achievement or achievement in research in art.</p> <p>One may act as the principal investigator (PI) in a project submitted to the SONATA call only once.</p> <p>A person, who has been previously indicated as the principal investigator (PI) in a proposal under the SONATA call, which has been qualified for funding, but the funding agreement has not been signed with the National Science Centre <u>may</u> be indicated again as the principal investigator (PI) in the currently open SONATA call.</p> <p>A person, who has been indicated as the principal investigator (PI) under the SONATA call for which the funding agreement has been terminated <u>may not be indicated as the principal investigator (PI) of a project in another proposal submitted to the SONATA call.</u></p> <p>The principal investigator (PI) must be a person employed pursuant to an employment contract for at least half of the full-time employment in the</p>

³ The period may be extended by the time of any long-term (in excess of 90 days) documented sick leave or rehabilitation leave related to the incapacity to work. Additionally, the period could also be extended by the number of months of a child rearing leave granted in line with the Labour Code; in the case of women by 18 months for each born or adopted child, if such presentation of the breaks to the scientific career was more advantageous.

⁴ A work or artistic achievement or achievement in research in arts must be published or accepted for publication in the proposal submission year or over the period of the last 10 years prior to the proposal submission year. The period may be extended by the time of any long-term (in excess of 90 days) documented sick leave or rehabilitation leave related to the incapacity to work. Additionally, the period could also be extended by the number of months of a child care leave granted in line with the Labour Code and in the case of women, by 18 months for each born or adopted child, whichever manner of accounting for career breaks is preferable.

⁵ A work or artistic achievement and achievement in research in arts must be published or accepted for publication in the proposal submission year or over the period of the last 10 years prior to the proposal submission year. The period may be extended by the time of any long-term (in excess of 90 days) documented sick leave or rehabilitation leave related to the incapacity to work. Additionally, the period could also be extended by the number of months of a child rearing leave granted in line with the Labour Code; in the case of women by 18 months for each born or adopted child, whichever manner of accounting for career breaks is preferable.

Selected section in the OSF system	Sub-section	Language	Description
			<p>entity planned as the site of the research project throughout the project implementation. This condition must be met not later than on the commencement date of project implementation. This requirement does not apply to persons drawing a pension from a social insurance scheme.</p> <p>PLEASE NOTE: The principal investigator (PI) is obliged to stay for at least 50% of the project's duration within the territory of the Republic of Poland and remain at the disposal of the participating entity implementing the project. The foregoing obligation does not apply to evidenced project-related business trips or holiday governed by the applicable laws.</p>
	PhD degree	Polish	<p>Fill in the required fields as indicated in the system.</p> <p>Enter the year in which the degree was conferred, field in Polish and English, discipline in Polish and English, and name of the institution (in the original language [transcription into Latin characters], name of the institution in English) which conferred the degree.</p> <p>Under the SONATA call the principal investigator (PI) must have a PhD degree awarded within 2 to 7 years before the proposal submission year⁶ (from 1 January 2016 to 31 December 2021).</p> <p>In the case of persons who have been awarded multiple PhD degrees, enter the date when the first degree was awarded.</p>
	Information on career breaks – scientific and research track record		<p>It is possible to introduce information on career breaks that have extended the period from which scientific achievements should be presented, i.e.: projects and publications; For arts: artistic achievements and achievements in research in arts. Other elements of the questionnaire concern the entire period of scientific activity of the principal investigator (PI).</p>

⁶ The period may be extended by the time of any long-term (in excess of 90 days) documented sick leave or rehabilitation leave related to the incapacity to work. Additionally, the period could also be extended by the number of months of a child rearing leave granted in line with the Labour Code; in the case of women by 18 months for each born or adopted child, whichever manner of accounting for career breaks is preferable

Selected section in the OSF system	Sub-section	Language	Description
			<ul style="list-style-type: none"> • Long-term (over 90 days) documented sick sickness benefits or physiotherapy benefits granted on account of being unfit for work over a period of 10 years before the proposal submission year. A number of days should be given. • Both maternity and paternity leaves granted pursuant to the Labour Code. A number of days should be given. • For maternity leaves only: Children born/adopted. A number of children should be given. The period may be extended by 18 months for every child born or adopted. If the number of children is given, as well as the number of days of a parental leave granted pursuant to the Labour Code, the system will choose whichever option is more advantageous to account for a career break.
	Academic disciplines		<p>Mandatory field.</p> <p>Provide information on the main scientific discipline (according to the classification of the Ministry of Science and Higher Education) to which the principal investigator (PI) is assigned. A maximum of two may be indicated. The discipline indicated first will automatically be indicated as the main discipline. This selection can be changed.</p>
	Early-stage researcher		<p>Section only displayed if, based on the annual date of awarding of the doctoral degree, it is presumed that the principal investigator (PI) may be an early-stage researcher.</p>
	Personal and contact details	Polish	<p>In this section you need to fill in the data of the principal investigator (PI), including contact details and addresses: residence, communication, Electronic ID of the researcher.</p> <p>PLEASE NOTE: In the contact detail tab, enter your correct Electronic Delivery Box (ePUAP) address or email address or electronic delivery (e-delivery) address.</p>

Selected section in the OSF system	Sub-section	Language	Description
			<p>Pursuant to the Electronic Delivery of Documents Act of 18 November 2020 (Journal of Laws of 2020, item 2320), the National Science Centre will be required to deliver communications via the public registered electronic delivery service or public hybrid service. At present, it is not required to provide one's electronic delivery (e-delivery) address. More on the date as of which communications must be delivered to the electronic delivery address will be published on the NCN's website (https://www.ncn.gov.pl/en).</p> <p>Communication concerning the proposal, including the funding decision, will be sent to the Electronic Delivery Box (ePUAP) address or email address of the principal investigator or electronic delivery (e-delivery) address..</p> <p>The Electronic Delivery Box (ePUAP) address should be in the following format: <code>/identyfikator_uzytkownika/nazwa_skrytki</code> [/<code>identifier_user/box_name</code>]</p> <p>If the principal investigator (PI) has no Electronic Delivery Box (ePUAP) address, the e-mail address should be provided.</p> <p>Researcher's electronic identifier – optional, ORCID system identifier (www.orcid.org)</p>
	Employment	Polish and English	<p>The name of the entity in Polish and English and the position held. Also the option – without employment.</p>

Selected section in the OSF system	Sub-section	Language	Description
SALARIES AND SCHOLARSHIPS	Principal Investigator (PI)	Polish and English	<p>Remuneration should be planned in accordance with the Regulations on awarding funding for research tasks funded by the National Science Centre as regards research projects applicable to the SONATA 19 call.</p> <p>The remuneration of the principal investigator (PI) can only be planned under one category: full-time remuneration or additional remuneration. The principal investigator (PI) also has the option to select “no remuneration”.</p> <p>The employment type should be selected in the proposal:</p> <ul style="list-style-type: none"> • FTE remuneration; • additional remuneration; • no remuneration. <p>The FTE remuneration for the principal investigator (PI) may be planned for a period that is shorter than the implementation period of the research project, in amounts proportionally lower for the period for which it is planned.</p> <p>The employment of a principal investigator (PI) on the basis of a full-time or part-time employment contract is also possible with funds under the category of additional remuneration.</p> <p>According to the Regulations the budget of additional remuneration shall be calculated as follows: a composition of the research team excludes the persons to be employed under the FTE remuneration budget and under the budget for remuneration and scholarships for students and PhD students, if the budgets are provided for in the call.</p> <p>Therefore, when it's planned that the principal investigator (PI) be employed under the FTE remuneration budget, he/she is not entitled to receive additional remuneration.</p> <p>Remuneration for the principal investigator (PI):</p> <ul style="list-style-type: none"> - PLN 160,000 per year, when the principal investigator plans his/her employment on the FTE remuneration basis;

Selected section in the OSF system	Sub-section	Language	Description
			<p>- max. PLN 2,000 per month when the principal investigator (PI) does not plan his/her employment on the FTE remuneration basis.</p> <p>The principal investigator (PI) does not have to plan his/her remuneration in which case, an employment type without remuneration should be selected.</p>
	Post-doc		<p>The employment type should be selected in the proposal:</p> <p>a) FTE remuneration</p> <p>Remuneration for a post-doc position – PLN 140,000 per year.</p> <p>It is possible to specify a higher remuneration amount, if this is justified with special circumstances that must be presented in the proposal. The reasons for increasing the remuneration amount shall be reviewed by the Expert Team.</p> <p>A prospective post-doc must meet all the following conditions:</p> <p>a)</p> <ul style="list-style-type: none"> must be selected in an open call held by a Recruitment Committee formed by the principal investigator (PI) for the project, composed of the principal investigator as its Chair and at least two researchers specified thereby, who have necessary scientific or professional qualifications. The candidates shall be assessed pursuant to the criteria outlined in the call text, however in order to be eligible for the call, one must be conferred a PhD degree in the year of employment in the project or within 7 years before the first of January of the year of employment in the project. This period can be extended by long-term (in excess of 90 days) documented sick leaves or physiotherapy leaves granted on account of being unfit to work. In addition, this period may be extended by the number of months of a childcare leave granted pursuant to the Labour Core and in the case of women intending to participate in the call, by 18 months for every child born or

Selected section in the OSF system	Sub-section	Language	Description
			<p>adopted child, whichever manner of accounting for career breaks is preferable. The said period must not be shortened or additionally extended by the call organisers. The results of the call shall be made public by posting on the website of the participating entity for the research project;;</p> <ul style="list-style-type: none"> b) the principal investigator has not been a supervisor or auxiliary supervisor of his/her dissertation; c) has obtained a PhD degree in an entity other than the one where the post is planned to be filled or completed a continuous and documented post-doctoral fellowship of at least 10 months in an entity other than the participating entity for the project and in a country other than the country where the PhD degree has been obtained; a) will be employed for a minimum of 6 months; f) when the remuneration is paid, such person is not paid any other remuneration from the funds allocated as direct costs under research projects financed under NCN's calls; g) when the remuneration is paid, such person is not paid remuneration from any other employer under an employment contract, including an employer with its registered office outside the Republic of Poland; h) when the remuneration is paid, such person will not receive any pension under the social insurance scheme. <p>Several post-docs may be employed provided that the total duration of employment of all post-docs does not exceed twice the planned duration of the project and the employment of one post-doc is not shorter than 6 months.</p>

Selected section in the OSF system	Sub-section	Language	Description
			<p>Where the applicant is a group of entities, it is possible to plan this position in more than one entity, provided that each individual meets the above conditions.</p> <p>The FTE remuneration for a person in a post-doc position may be planned for a period that is shorter than the implementation period of the research project, in amounts proportionally lower for the period for which it is planned.</p>
	Scholarship grantee/Student/PhD student		<p>The employment type should be selected in the proposal:</p> <ul style="list-style-type: none"> • scholarships/ salaries for students or PhD students <p>Under the SONATA 19 call, the budget for salaries and scholarships for students and PhD students per each month of the project will be up to PLN 5,000.</p> <p>The total amount of NCN-funded salaries and scholarships for students and PhD students under one or more research projects financed by NCN may not exceed PLN 5,000 monthly. This amount shall not include a PhD scholarship financed under the ETIUDA call and the remuneration of the principal investigator (PI) in the PRELUDIUM call.</p> <p>Within the budget for remuneration and scholarships for students and PhD students, it is possible to plan funds for:</p> <ol style="list-style-type: none"> a. NCN scholarships for students and PhD students, b. doctoral scholarships, c. salaries for students and PhD students. <p>In the case of a project implemented in the entity for which funding will constitute state aid, funds for students and PhD students may be planned only in the form indicated in point c.</p>
	Investigator		<p>The employment type should be selected in the proposal:</p> <ul style="list-style-type: none"> • additional remuneration • no remuneration.

Selected section in the OSF system	Sub-section	Language	Description
			<p>Additional remuneration for members of the research team – if the principal investigator (PI) does not plan his/her employment in the project under the full-time remuneration, his/her salary is included in the additional remuneration pool.</p> <p>Additional remuneration may be planned for members of the research team to be employed under employment contracts in full or part-time jobs and under civil law contracts.</p> <p>In the SONATA call, it is not possible to plan remuneration for students or PhD students within the additional remuneration.</p> <p>A member of the research team who is paid remuneration under an employment contract in the participating entity for the research project, may be paid additional remuneration solely in a form other than under a civil law contract.</p> <p>The budget for additional remuneration shall be calculated as follows: a composition of the research team excludes the persons to be employed under the FTE remuneration budget and under the budget of salaries and scholarships for students and PhD students.</p> <p>The number of persons calculated as specified above will constitute the basis to calculate the maximum budget for additional remuneration under a given research project. The maximum budget for additional remuneration planned for the principal investigator (PI) may not be increased when the project is being implemented.</p> <p>In the SONATA call, the budget for additional remuneration per each month of project implementation, for all investigators, may amount to a total of:</p> <p>a) when the principal investigator (PI) does not plan to be employed under the FTE remuneration:</p> <ul style="list-style-type: none"> – PLN 2,000 for one person;

Selected section in the OSF system	Sub-section	Language	Description
			<ul style="list-style-type: none"> – PLN 3,500 for two persons or more persons, of which a maximum of PLN 2,000 for the principal investigator (PI); b) when the principal investigator (PI) plans to be employed under the FTE remuneration: <ul style="list-style-type: none"> – PLN 1,500 for one or more persons; More information on the costs can be found in the Regulations and Regulations on awarding scholarships in NCN-funded research projects . If unjustified costs are planned, a proposal may be rejected.
RESEARCH EQUIPMENT		Polish and English	This category covers the cost of purchase or manufacturing of research equipment, other devices and software crucial to research. The project may not finance or co-finance the purchase or production of scientific and research equipment and IT infrastructure the unit value of which exceeds PLN 500,000. Leasing research equipment is a non-eligible cost.

Selected section in the OSF system	Sub-section	Language	Description
OTHER COSTS		Polish and English	<p>In the section “Other direct costs”, indicate a relevant type of costs, their amount, and the justification for their expenditure.</p> <p>Costs must be planned according to the Regulations on awarding funding for research tasks funded by the National Science Centre.</p> <p>Direct costs may be planned under the following categories:</p> <ul style="list-style-type: none"> • materials and small equipment; • outsourced services (in the case of publications subject to the NCN Open Access Policy, the costs of services related to the preparation of manuscripts for submission to publishers are eligible), • business trips, • visits and consultations, • collective investigators, • other (other costs).
			<p>If this section includes the names of persons involved in the drafting of the proposal or forecasted project performance, their names must also be entered in the <i>Osoby wskazane we wniosku</i> [Persons identified in the proposal] section.</p>

Selected section in the OSF system	Sub-section	Language	Description
OPEN ACCESS (OA)			<p>Open Access indirect costs of up to 2% of the direct costs, which can only be used for the costs related to making publications or research data available through open access.</p> <p>Please enter the amount of Open Access costs planned for the entire project implementation period (in PLN).</p> <p>The costs of publication subject to the NCN Open Access Policy may only be incurred under the heading of indirect costs. With the exclusion of the publications of monographs, chapters of monographs, and reviewed collective works, OA costs may not be planned as part of the direct costs. The National Science Centre allows for a possibility of covering part of the costs of publishing in open access from the remaining indirect costs or from the entity's own resources.</p> <p>Additional information on <i>Open Science</i> is available here.</p>

Selected section in the OSF system	Sub-section	Language	Description
REDUCED TEACHING LOAD			<p>The costs of reduced teaching load may be planned for the principal investigator (PI) only, who plans for himself/herself remuneration from the additional remuneration budget.</p> <p>An entity which employs the principal investigator (PI) under a full-time employment contract can receive financial resources for decreasing the teaching load of the principal investigator (PI) by 50% amounting to PLN 100 for each hour of the teaching load decrease.</p> <p>Teaching load decrease Please select (YES/NO)</p> <p>If you answer “YES”, please give the number of mandatory teaching hours (per year), the total number of teaching hours to be refunded and the cost breakdown by years.</p> <p>PLEASE NOTE: The entity for which funding will constitute state aid may not plan the costs of reduced teaching load.</p>

Selected section in the OSF system	Sub-section	Language	Description
BUDGET SUMMARY			<p>This section will present a summary breakdown of the planned costs by year, according to the declared project implementation period. The amount of indirect costs should be indicated in this section. <u>Indirect costs</u> are the costs that are indirectly related to the research project and required for its implementation. The indirect costs consist of:</p> <ul style="list-style-type: none"> – indirect costs of Open Access of up to 2% of the direct costs to be planned in the Open Access category; – other indirect costs of <u>up to 20% of the direct costs</u>, which may be allocated to costs indirectly related to the project, including costs of making publications or research data accessible through open access. <p>At the stage of project performance, the participating entity shall arrange with the principal investigator (PI) for the distribution of at least 25 per cent of the actual other indirect costs. This section will show the percentage of the planned Open Access indirect costs.</p>
Administrative statements			<p>This section of the proposal contains administrative statements that must be accepted by both the principal investigator (PI) and the person representing the participating entity.</p>
Personal data protection			<p>Information on personal data processing. Personal data provided by principal investigators (PIs) and applicants in the proposal will be processed by the National Science Centre until the end of implementation of these projects and their settlement (if funding has been received), and after this period it will also be used for statistical purposes. The collected data will be processed in order to evaluate the proposal, the project, as well as the tasks carried out by NCN, dissemination of the information on the calls organised by NCN. Data processing also includes monitoring, supervision, and evaluation of the</p>
